Why is cross-border cooperation needed to achieve the project's objectives and results?

Please explain why the project objectives cannot be efficiently reached acting only on a national/regional/local level and/or describe what benefits the project partners/target groups/ project area/programme area gain in taking a cross-border approach.

C.1.4 Please describe how you will fulfil each of the four cooperation criteria.

Cooperation criteria		Description
Joint Development		
Joint Implementation		
Joint Staffing		
Joint Financing		

C.2 Project focus

C.2.1 Project objectives, expected results and main outputs

Programme priority specific objective	Programme result
Select one <i>programme priority specific objective</i> your project will contribute to.	Select one <i>programme result indicator</i> your project will contribute to.
<i>Insert one programme priority specific objective</i>	<i>Insert one programme result indicator</i>

Project overall objective	Project results
What is the overall objective of the project and how does it link to the programme objective? Specify one <i>project main objective</i> and describe its contribution to the programme priority specific objective.	What are the project results and how do they link to the programme result indicator? Specify one or more <i>project result</i> and describe their contribution to the programme result indicator.
<i>Insert project overall objective</i>	<i>Insert project results</i>

Project specific objectives	Project main outputs
Which are the specific objectives the project will be working towards? Define max. 3 project specific objectives.	What are the project main outputs and how do they link to your specific objectives? Please list all project main outputs that were defined in the work plan under the corresponding programme output indicator.

C.2.2 Target groups

Target groups	Please further specify the target groups (e.g. bilingual elementary schools, environmental experts, etc.).	Target value Please indicate the size of the target group you will reach.
Target group type 1		
Target group type 2

Involved partners		<i>Lead Beneficiary/ Partner 1/ Partner x</i>		
Summary Summary description and objectives of the work package including explanation of how will partners be involved.				
Justification Explain the need for investment to achieve project objectives and results. Describe clearly the cross-border relevance of the investment. Describe who is benefiting (e.g. partners, regions, end-users etc.) from this investment and in what way. In case of pilot investment, please clarify which problem it tackles, which findings you expect from it, how it can be replicated and how the experience coming from it will be used for the benefit of the programme area.				
Location of the investment				

Location of the physical investment; if possible a concrete address where the investment will take place		District/ County			
Risks associated with the investment Description of the risks associated with the investment, go/no-go decisions, etc. (if any)					
Investment documentation Please list all technical requirements and permissions (e.g. building permits) required for the investment according to the respective national legislation. In case they are already available attach them to this application form, otherwise indicate when you expect them to be available.					
Ownership / right under the real property law Who owns / has the right under the real property law site where the investment is located? Who will retain ownership / the right under the real property law of the investment at the end of the project? Who will take care of maintenance of the investment? How will this be done?					
Please describe project main outputs that will be delivered based on the activities carried out in this work package. For each project main output a programme output indicator should be chosen. Please note that they need to have the same measurement unit.					
Project main output		Describe your project main output	Quantify your contribution (Number)	Delivery month	Choose a programme output indicator to which the project main output will contribute
Output 1				MM. YYYY	
Output n				MM. YYYY	
Target groups involvement					
Who will use the main outputs delivered in this work package (select from the target groups already defined)?					
How will you involve target groups (and other stakeholders) in the development of the project main outputs?					
Durability and transferability of main outputs delivered in this work package					

How will the project main outputs be further used once the project has been finalised?
 Please describe concrete measures (including e.g. institutional structures, financial sources etc) taken during and after project implementation to ensure the durability of the project main outputs.
 If relevant, please explain who will be responsible and/or the owner of the output.
 NB. Take note of rules governing ownership of outputs linked to investments (items of infrastructure) in line with Art 71 CPR.

How will the project ensure that the project outputs are applicable and replicable by other organisations/regions/countries outside of the current partnership?
 Please describe to what extent it will be possible to transfer the outputs to other organisations/regions/countries outside of the current partnership.

Please describe activities and deliverables within the work package.
