**Romania-Timişoara: Surgical laser
2017/S 135-276438**

Contract notice

Supplies

Directive 2014/24/EU

Section I: Contracting authority

I.1) **Name and addresses**

'Victor Babeş' University of Medicine and Pharmacy Timișoara
4269215
Piața Eftimie Murgu, nr. 2
Timișoara
300041
Romania

Contact person: Dr. Horia Stanca

Telephone: +40 722761454

E-mail: hstanca@yahoo.com

Fax: +40 256221554

NUTS code: RO424

Internet address(es):

Main address: http://www.umft.ro/achizitii-proiecte_575

Address of the buyer profile: http://www.romania-serbia.net/?page_id=1749&lang=en_GB

I.2) **Joint procurement**

I.3) **Communication**

The procurement documents are available for unrestricted and full direct access, free of charge, at: http://www.romania-serbia.net/?page_id=1749&lang=en_GB

Additional information can be obtained from the abovementioned address

Tenders or requests to participate must be submitted to the abovementioned address

I.4) **Type of the contracting authority**

Other type: Higher Education — University of Medicine and Pharmacy

I.5) **Main activity**

Other activity: education and health

Section II: Object

II.1) **Scope of the procurement**

II.1.1) **Title:**

Medical equipments.

Reference number: RORS 11/ "Victor Babes" University of Medicine and Pharmacy Timisoara/ 05

II.1.2) **Main CPV code**

33169100 - DA42 - FA04

II.1.3) **Type of contract**

Supplies

II.1.4) **Short description:**

Specialised medical equipment for ophthalmic surgery:

Lot_1: Refractive surgery platform (Laser Excimer, Femtosecond laser, Topographic/ tomography Diagnosis of the refraction unit);

Lot_2: Micropulse laser.

II.1.5) **Estimated total value**

Value excluding VAT: 857 142.86 EUR

II.1.6) **Information about lots**

This contract is divided into lots: yes

Tenders may be submitted for all lots

Maximum number of lots that may be awarded to one tenderer: 2

II.2) **Description**

II.2.1) **Title:**

Refractive surgery platform

Lot No: 1

II.2.2) **Additional CPV code(s)**

33169100 - DA42 - FA04

II.2.3) **Place of performance**

NUTS code: RO424

Main site or place of performance:

'Victor Babeş' University of Medicine and Pharmacy Timișoara,

Department of Surgery I,

Ophthalmology Discipline,

Piața Martir Belici Radian, nr. 3,

Timișoara 300011,

Timiș County, Romania.

II.2.4) **Description of the procurement:**

Structure:

— Excimer laser — 1 piece;

— Femtosecond laser — 1 piece;

— Topography/ Tomography Diagnosis Refractive Unit — 1 piece.

The Refractive surgery platform is a surgical and diagnosis equipment intended for advanced corneal laser treatments.

The Refractive surgery platform should include the Excimer laser (1 piece), the Femtosecond laser (1 piece) and the Topography/Tomography/Aberrometry Diagnosis Refractive Unit (1 piece).

The femtosecond laser is cutting the cornea and is used to produce different kinds of very specialized cuts into the cornea in order to provide corneal flaps for FemtoLasik, intracorneal channels for intracorneal rings, antiastigmatic relaxing incisions, intracorneal pockets for corneal inlays, grafts for lamellar and penetrating keratoplasties and/or other possible procedures.

The excimer laser is sculpting the cornea and is used to produce different kinds of corneal shapping patterns in order to treat myopia, hyperopia, astigmatism and even presbyopia by aspherical, aberration-free, topography guided and/or wavefront guided corneal stromal ablations.

The topography/tomography/aberrometry Diagnosis Refractive Unit is a diagnostic tool which comprehensively evaluates the corneal profile in order to properly select the patients which could be treated with corneal lasers (femtosecond and excimer lasers) and to precisely plan the laser cornea refractive surgery according with the particularities of each patient's cornea. This diagnosis system is providing detailed maps of the anterior and posterior surface of the cornea, of the cornea thickness, of the optical aberration of the cornea (corneal wavefront maps) or the entire eye (ocular wavefront maps).

The refractive laser surgery platform is evaluating and treating the patients with different kinds of corneal diseases like refractive errors (myopia, hyperopia, astigmatism), corneal ectasias, and corneal opacities by shaping and reshaping the corneal tissue according with several treatment patterns and strategies.

The Refractive Surgery Platform is a surgical and diagnosis equipment intended for advanced corneal laser treatments which includes the Excimer laser, the Femtosecond laser and the Topography/Tomography/Aberrometry Diagnosis Refractive Unit.

The Refractive Surgery Platform should be offered as a single item because:

1. All the contained items should be able to work with the same software, mainly the excimer laser and the diagnosis refractive unit, in order to be able to provide customised wave-front ablations (corneal and ocular) for our patients. If they will be acquired as independent units each of them will have it's own software which is not compatible with other equipments and we'll be able just to analyze the patients, but not to individualize the treatments by customized surgery. Having all these elements together in one big item should include the guarantee of the supplier that they can work together sharing informations in order to offer a fluent surgery for our patients.
2. The femtosecond laser and the excimer laser should share the same operating table which should be integrated with the software for surgery in order to adapt the patient position to the specificity of the surgery. If they will be acquired as independent units each of them will have it's own operating table which means that we'll need to mobilize the patients from one item to the other during the surgery, which is interfering with the quality of the surgery and the patient's comfort.

II.2.5) **Award criteria**

Criteria below
Price

II.2.6) **Estimated value**

Value excluding VAT: 806 722.69 EUR

II.2.7) **Duration of the contract, framework agreement or dynamic purchasing system**

Duration in days: 30

This contract is subject to renewal: no

II.2.10) **Information about variants**

Variants will be accepted: no

II.2.11) **Information about options**

Options: no

II.2.12) **Information about electronic catalogues**

II.2.13) **Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds: yes

Identification of the project: Interreg-IPA Cross-border Cooperation Romania-Serbia Programme; Project: Regional Centre for Advanced Laser Therapies in Ophthalmology — RECALT; Cod eMS project: RORS 11.

II.2.14) **Additional information**

1. The tender guarantee is set at Lot 01 — Refractive surgery platform = 16 000 EUR, and must be presented in the form specified in the annex to the tender dossier. It must remain valid for 45 days beyond the period of validity of the tender.

2. The successful tenderer will be required to provide a performance guarantee of 10 % of the amount of the contract at the signing of the contract.

II.2) **Description**

II.2.1) **Title:**

Micropulse laser

Lot No: 2

II.2.2) **Additional CPV code(s)**

33169100 - DA42 - FA04

II.2.3) **Place of performance**

NUTS code: RO424

Main site or place of performance:

'Victor Babeş' University of Medicine and Pharmacy Timișoara,

Department of Surgery I,

Ophthalmology Discipline,

Piața Martir Belici Radian, nr. 3,

Timișoara 300011,

Timiș County, Romania.

II.2.4) **Description of the procurement:**

The micropulse 577 nm laser system is a surgical equipment intended for advanced retinal treatments.

The device is used to produce a therapeutic treatment without inducing intraretinal damage detectable on clinical examination during or after treatment. The controlled laser delivery of micropulse technology affords treatment options for diabetic macular edema (DME), proliferative diabetic retinopathy (PDR), central serouschorioretinopathy (CSR), macular edema secondary to branch retinal vein occlusion (BRVO), and evenglaucoma.

II.2.5) **Award criteria**

Criteria below

Price

II.2.6) **Estimated value**

Value excluding VAT: 50 420.17 EUR

II.2.7) **Duration of the contract, framework agreement or dynamic purchasing system**

Duration in days: 30

This contract is subject to renewal: no

II.2.10) **Information about variants**

Variants will be accepted: no

II.2.11) **Information about options**

Options: no

II.2.12) **Information about electronic catalogues**

II.2.13) **Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds: yes

Identification of the project: Interreg-IPA Cross-border Cooperation Romania-Serbia Programme; Project: Regional Centre for Advanced Laser Therapies in Ophthalmology — RECALT; Cod eMS project: RORS 11.

II.2.14) **Additional information**

1. The tender guarantee is set at Lot 02 — Micropulse laser = 1 000 EUR, and must be presented in the form specified in the annex to the tender dossier. It must remain valid for 45 days beyond the period of validity of the tender.
2. The successful tenderer will be required to provide a performance guarantee of 10 % of the amount of the contract at the signing of the contract.

Section III: Legal, economic, financial and technical information

III.1) **Conditions for participation**

III.1.1) **Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

Professional capacity of tenderer (based on i.a. items 4 and 5 of the Tender Form for a Supply Contract). The reference period which will be taken into account will be the last three years from submission deadline.

Criteria for legal persons:

- 1- The tenderer is authorized to perform the activities covered by this contract.

Criteria for natural persons:

- 1- Currently works / has worked in the past 3 years as a manager / team leader with at least 1 collaborator in fields related to this contract.

III.1.2) **Economic and financial standing**

List and brief description of selection criteria:

Economic and financial capacity of tenderer (based on i.a. item 3 of the Tender Form for a Supply Contract). In case of tenderer being a public body, equivalent information should be provided. The reference period which will be taken into account will be the last three years for which accounts have been closed.

Minimum level(s) of standards possibly required:

Criteria for legal persons:

- 1- The average annual turnover of the tenderer must exceed the maximum budget of the contract;

Criteria for natural persons:

- 1- The available financial resources of the tenderer must exceed the maximum budget of the contract.

III.1.3) **Technical and professional ability**

List and brief description of selection criteria:

Technical capacity of tenderer (based on i.a. items 5 and 6 of the Tender Form for a Supply Contract). The reference period which will be taken into account will be the last three years from submission deadline.

This means that the contract the tenderer refers to could have been started or completed at any time during the indicated period but it does not necessarily have to be started and completed during that period, nor implemented during the entire period. Tenderers are allowed to refer either to projects completed within the reference period (although started earlier) or to projects not yet completed. In the first case the project will be considered in its whole if proper evidence of performance is provided (statement or certificate from the entity which awarded the contract, final acceptance). In case of projects still on-going only the portion satisfactorily completed during the reference period will be taken into consideration. This portion will have to be supported by documentary evidence (similarly to projects completed) also detailing its value.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. Some examples of when it may not

be considered appropriate by the Contracting Authority are when the tender rely in majority on the capacities of other entities or when they rely on key criteria. If the tender rely on other entities it must prove to the Contracting Authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator. Furthermore, the data for this third entity for the relevant selection criterion should be included in the tender in a separate document. Proof of the capacity will also have to be furnished when requested by the Contracting Authority.

Minimum level(s) of standards possibly required:

Criteria for legal persons:

1- the tenderer has delivered supplies under at least 1 contract with a budget of at least: Lot 01 = 400 000 EUR; Lot 02 = 25 000 EUR in the field of surgical lasers which were implemented during the following period: 3 years from the submission deadline, 19.9.2017 respectively.

Criteria for natural persons:

1- the tenderer has delivered supplies under at least 1 contract with a budget of at least: Lot 01 = 400 000 EUR; Lot 02 = 25 000 EUR in the field of surgical lasers which were implemented during the following period: 3 years from the submission deadline, 19.9.2017 respectively.

III.1.5) **Information about reserved contracts**

III.2) **Conditions related to the contract**

III.2.2) **Contract performance conditions:**

III.2.3) **Information about staff responsible for the performance of the contract**

Section IV: Procedure

IV.1) **Description**

IV.1.1) **Type of procedure**

Open procedure

IV.1.3) **Information about a framework agreement or a dynamic purchasing system**

IV.1.4) **Information about reduction of the number of solutions or tenders during negotiation or dialogue**

IV.1.6) **Information about electronic auction**

IV.1.8) **Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: yes

IV.2) **Administrative information**

IV.2.1) **Previous publication concerning this procedure**

Notice number in the OJ S: [2017/S 115-231204](#)

IV.2.2) **Time limit for receipt of tenders or requests to participate**

Date: 19/09/2017

Local time: 12:00

IV.2.3) **Estimated date of dispatch of invitations to tender or to participate to selected candidates**

IV.2.4) **Languages in which tenders or requests to participate may be submitted:**

English

IV.2.6) **Minimum time frame during which the tenderer must maintain the tender**

Tender must be valid until: 18/12/2017

IV.2.7) **Conditions for opening of tenders**

Date: 20/09/2017

Local time: 10:00

Place:

'Victor Babes' University Of Medicine And Pharmacy Timisoara, Piata Eftimie Murgu No. 2A, Timisoara 300041, Timis country, Romania, Grant Research and Management Department.

Information about authorised persons and opening procedure:

The tender opening session is a formal, public process. The evaluation committee opens the tenders in public at the place and time set in the tender dossier. Although it is public, participation in the tender opening session is restricted to representatives of the companies that are tendering for the contract. (PRAG ver. 2015.0, 4.3.9.3. Tender opening session).

Section VI: Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: no

VI.2) Information about electronic workflows

Electronic ordering will be used

Electronic invoicing will be accepted

Electronic payment will be used

VI.3) Additional information:

1. The procurement procedure is in line with PRAG, version 2015.0 (The Practical Guide explains contracting procedures for EU external aid contracts financed by the EU general budget (Budget) and the 10th European Development Fund (EDF).) — <http://ec.europa.eu/europeaid/prag/previousVersions.do> — version 2015.0.

2. Tenderers must comply with the rules of nationality and origin in accordance with PRAG, ver. 2015.0, chapter 2.3.1.

3. The tender dossier is available from the following Internet address: http://www.romania-serbia.net/?page_id=1749&lang=en_GB and http://www.umft.ro/achizitii-proiecte_575. The tender dossier is also available from the Contracting Authority. Tenders must be submitted using the standard Tender Form for a Supply Contract included in the tender dossier, whose format and instructions must be strictly observed.

Tenderers may submit questions in writing to the following address up to 21 days before the deadline for submission of tenders, 28/08/2017 respectively, specifying the publication reference and the contract title:

RORS 11/ 'victor Babes' University Of Medicine And Pharmacy Timisoara/ 05

Medical equipments

Adress: 'VICTOR BABES' UNIVERSITY OF MEDICINE AND PHARMACY TIMISOARA, Piata Eftimie Murgu No. 2A, Timisoara 300041, Timis country, Romania

Fax: 0040 (0)256 221 554

e-mail: hstanca@yahoo.com & achizitii@umft.ro

The Contracting Authority has no obligation to provide clarifications after this date.

Any clarification of the tender dossier will be published on the website at http://www.romania-serbia.net/?page_id=1749&lang=en_GB and http://www.umft.ro/achizitii-proiecte_575 at the latest 11 days before the deadline for submission of tenders, 7.9.2017 respectively.

Any prospective tenderers seeking to arrange individual meetings with either the Contracting Authority and/or the European Commission during the tender period may be excluded from the tender procedure.

4. The successful tenderer will be asked to provide a performance guarantee of 10 % of the amount of the contract at the signing of the contract. This guarantee must be provided together with the return of the countersigned contract no later than 30 days after the tenderer receives the contract signed by the Contracting

Authority. If the selected tenderer fails to provide such a guarantee within this period, the contract will be void and a new contract may be drawn up and sent to the tenderer which has submitted the next cheapest compliant tender.

VI.4) **Procedures for review**

VI.4.1) **Review body**

'Victor Babeş' University of Medicine and Pharmacy Timișoara
Piața Eftimie Murgu, nr. 2
Timisoara
300041
Romania
Telephone: +40 722761454
E-mail: hstanca@yahoo.com
Fax: +40 256221554
Internet address: www.umft.ro

VI.4.2) **Body responsible for mediation procedures**

VI.4.3) **Review procedure**

Precise information on deadline(s) for review procedures:

1. Complaints to the contracting authority

Without prejudice to other remedies and, in particular, without altering the time-limits for bringing actions set out in paragraphs 2.4.15.3 (PRAG Ver 2015.0), where a candidate, tenderer or applicant believes he has been adversely affected by an error or irregularity allegedly committed as part of a selection or procurement procedure, or that the procedure was vitiated by any maladministration, he may file a complaint to the contracting authority.

The complaint shall be substantiated and its sole subject shall not be to obtain a second evaluation for no reason other than the complainant disagrees with the final award decision.

2. Complaints to the European Ombudsman Without prejudice to other remedies and, in particular, without altering the deadlines laid down for the appeals set out in paragraphs 2.4.15.3 (PRAG Ver 2015.0), any citizen of the European Union or any natural or legal person residing or having its registered office in a Member State has the right to complain to the Ombudsman for any instance of maladministration by the European Union institutions (Article 228 of the Treaty on the Functioning of the European Union (TFEU)). More information may be found on the website <http://www.ombudsman.europa.eu/en/home.faces>.

3. Ordinary Actions

When a candidate, tenderer or applicant believes he has been adversely affected by an error or irregularity allegedly committed as part of a selection procedure or procurement, he may also file ordinary actions, provided the conditions are met.

Ordinary action shall be launched in accordance with the conditions and deadlines fixed by the national legislation of the contracting authority.
