

REPUBLIC OF SERBIA
MUNICIPALITY OF KLADOVO
Kralja Aleksandra 35, 19320 Kladovo
Date: 8.02.2018.

CLARIFICATION No: 3
to the public procurement: Construction of Visitors Center in Fetislam fortress

Publication Ref: RORS26-Municipality of Kladovo-TD06

Following the clarification request of **1th January 2018** regarding the public procurement no. **RORS26-Municipality of Kladovo-TD06**, please find below the answer of the Contracting Authority:

QUESTION 1:

We would like to ask you one more time to consider our question, sent by email on 31 jan, and send us your reply as soon as possible or to publish it on official web page.

As we already wrote we were unable to attend mandatory site visit which was held on 18th of January mostly because the official web site www.romania-serbia.net/ was out of function in January and we saw late the procurement notice.

In our opinion and according to PRAG rules, 5.3.4. Additional information during the procedure, all site visits have informative character and could not be mandatory, meaning that a company which was not able to attend the visit are not forbidden to submit a bid.

We also sent this question to EEAS and we are kindly asking you to send us your reply so we, and other potential offerors, could prepare our bids on time.

Thank you in advance.

ANSWER 1:

Please see published Clarification No. 2 from 05.02.2018.

In addition, according to information received from Regional Office for Cross-border Cooperation Timisoara, official web site www.romania-serbia.net/ was out of function only 26.01.2018. after 15:00 (Romanian time).
