

One potential tenderer asked:

1.Refering to the guarantee period of the contract:

The Volume 3 Technical Specification, page 17 stipulates that The guarantee period for the executed works is 36 months from signing the reception at works ending minute.

The Volume 2 Section 3 Special conditions, Clause 61.7, page 7, stipulates The duration od the defects liability period is 2 (two) years.

2.The tenderer must submit a declaration regarding the Ground for exclusion and one regarding the eligibility rules and origin. Can you provide us those declarations or they can be prepared by the tenderer just stating that he does not fall under these situations?

Answer:

The guarantee period of the contract is 36 months as it includes execution works and equipment assembling works.

There are not any forms for these declarations, so we suggest the tenderer should prepare the stating he does not fall under these situations.
