CLARIFICATION 1

According to the Point 13. of the Instruction to tenderers, published under procurement procedure, ref. no. RORS 284/CityofKikinda/TD2-relaunch, City of Kikinda, as a Contracting Authority, by this Clarification 1 provides answers to all questions duly submitted up to the date of this document.

Clarification contains 1 (one) question/clarification request and 1 (one) answer of the Contracting Authority. Question is presented in its original text.

QUESTION

- 1. We are assessing the opportunity to participate in the tender open for the project RORS 284/Cityof Kikinda/TD2-relaunch and to our understanding there is no budget published or maybe we could not find it in the documentation. Can you please indicate a buget available for this tender - either per unit or as total - in EUR w/o VAT?*

ANSWER

According to the PRAG rules which have been used under all projects financed by the Interreg-IPA Cross-border Cooperation Romania-Serbia Programme, Contracting Authority was not allowed to publish available budget when applying supply procurement procedure. In that sense, City of Kikinda can not indicate available budget for this operation, nor it could be found somewhere in the published tender dossier. Regarding the VAT, please check the point 12. of the Instruction to tenderers.
